CAPABILITY STATEMENT

Facilities Support Services | Commercial Supply and Delivery | Equipment Repair Coordination

SBA-Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) | Serving Federal, State, and Local Government

COMPANY OVERVIEW

Bearing Ridge Solutions LLC (BRS) is a Colorado-based, service-disabled veteran-owned small business serving federal, state, and local government buyers. BRS operates as a commercial supplier and reseller and as a facilities support prime contractor. BRS sources products from authorized dealers and distributors and delivers them to the customer's site, and coordinates qualified, licensed local providers for facilities services nationwide, with one accountable point of contact from quote through delivery and closeout.

BRS is led by its owner, Kevin Henderson, a U.S. Army veteran with more than a decade of experience in program management, operations, quality control, supply chain, and contracting across the defense industry and the U.S. Army. That experience includes leading multidisciplinary teams, running quality control and production control programs, managing budgets and earned value reporting, and directing sustainment operations under government oversight. Mr. Henderson holds a Master of Science in Project Management and Operations, holds the Project Management Professional (PMP) certification, and is a Lean Six Sigma Black Belt.

CORE CAPABILITIES

- **Facilities Support Services.** Building systems maintenance support (HVAC, plumbing, and electrical), janitorial and custodial services, and grounds, landscaping, and snow services, performed by qualified, licensed local providers under BRS management.
- **Commercial Supply and Delivery.** HVAC and commercial refrigeration equipment, electrical equipment and components, radio and wireless communications equipment, commercial service machinery, surgical and medical supplies, metals and steel stock, and MRO and facility hardware and supplies, sourced from authorized dealers and distributors and delivered to your site with documented traceability.
- **Equipment Repair Coordination.** Commercial and industrial machinery and electronic and precision equipment repair and maintenance, arranged through qualified service providers.

HOW BRS DELIVERS

- **Prime accountability.** BRS self-performs management, scheduling, quality control, reporting, and contract administration, giving the Contracting Officer and COR a single point of contact.
- **Vetted local providers.** Every provider is checked for licensing, insurance, and scope fit before work begins, within the limitations on subcontracting and nonmanufacturer rule for set-aside awards.
- **New commercial equipment.** BRS buys new commercial equipment as needed for service work, so performance does not depend on Government-furnished equipment.
- **Nationwide reach.** Authorized distribution channels and licensed local providers selected for each place of performance.
- **Documented process.** Written procedures for intake, sourcing, pricing, quality control, and closeout, with records retained per contract terms.

PRIMARY NAICS CODES

Code	Title
561210	**Facilities Support Services (Primary)**
561720	Janitorial Services
561730	Landscaping Services
238220	Plumbing, Heating, and Air-Conditioning Contractors
